The Gross return of the Dairy Unit is Rs. 6,00,892/-. This year auction sale of cattle fetched an income of Rs.1,02,787/-

The goat unit consists of pure and cross breeds of Tellicherry, Jamunapari, Boer, Kodi and Kanni in addition to desi breeds. The goats are extensively reared in the pasture lands and sold for meat and rearing purpose. The Gross return of the Goat Unit is Rs.21,422.75/-

Broiler and Japanese quail unit is maintained for students' practical class purpose. Once the birds attain market weight, they are sold to the staff members of the University. The Gross return of the Broiler and Turkey Unit is Rs.12,050/-. The turkey unit provides both egg and meat to the staff members and other local customers. The meat sale is usually targeted during festival season. Brooding of broiler chicks for the ICAR – NAIP project on Farming Systems for livelihood Security of small and marginal farmer in disadvantaged districts of Tamil Nadu is done by the poultry unit of the Division of Animal Husbandry.

Our honourable Vice-Chancellor Dr. M. Ramanathan, M.S, inaugurated the newly constructed Broiler Shed and Veterinary Hospital on 25.09.2008 at a function conducted in the Division of Animal Husbandry.

The Division of Animal Husbandry is equipped with a Veterinary Hospital for the treatment of farm animals. The Division organizes Farmer's day celebrations every year and renders extension service to the farmers through live exhibits of bovine, caprine and turkey species and by displaying flash cards, flip boards and charts showing the significance of improved scientific technique in livestock rearing.

An Artificial Insemination centre is functioning to serve the local farming community to upgrade the local non descriptive cattle with superior germplasm and also generates income to the University.
